## LOCAL 4-H GIRLS TAKE AWARDS

Irene Groover and Maxine Brunson Win Blue Ribbon Award of Excellence

We are proud of two of our better 4-H Club members who attended the State 4-H Club Congress last week. Irene Groover and Maxine Brunson, even though they did not win first place, won blue ribbon awards of excellence. I don't think Irene or Maxine would mind my saying that record books seem to be one of the Bulloch County clubbers' biggest drawbacks.

I know of several clubbers, including myself, whose records have had back every clubber, especially the younger ones, should be their utmost to keep up with their records and make a better record each year. I would like to congratulate Maxine and Irene again on a job well done and the honors brought back to Bulloch County.

South-East Bulloch High School has just had a chance to elect 4-H Club officers this year, since this is the first year this school has been in operation. I think this is a good state of affairs. They are as follows: President, Arnold Harris; girls vice-president, Annette Parrish; boys vice-president, Ted Tucker; secretary and treasurer, Bonny Faye Ward; and reporter, Sarahy Hartley. The program committee is Carolyn Cook, Jerry Reager and J. M. Aycock.

The 4-H Club meetings were held at Harper and Nevils last Monday morning, Marvin Pittman School Tuesday morning and Port and Middleburg Wednesday morning. Sally Zetterower and Mattie Lyle Schools are to meet Saturday, Brooker and Stilton Elementary Schools will meet Friday morning. In addition to these regular 4-H Club meetings we held a Recreation program Wednesday night at 7:45 in the Recreation Center. This program was more than just a regular play night program. We have acquired two nights each month at the Center for use as 4-H Club play nights. One will be for the Junior play night and the other for Senior play night. The center officers presented a skill on connecting a meeting just prior to the regular program. I would like to ask every 4-H Club officer to see those members who don't receive notices of meetings and invite them to come down to play night. This should help increase our attendance.

Dogs that lose weight and show other signs of emaciation in spite of an apparently hearty appetite need an examination by a veterinarian. Among other things, such symptoms could mean pancreatitis, a condition that appears to be more widespread than commonly recognized.

The American Veterinary Medical Association has issued a sharp warning against leaving pets in closed cars during hot weather.

A representative group of students was pulled by Bucky Turley, Dublin freshman who conducted a weekly inspiring reporter column in the student newspaper, who found unanimous approval for a GTC graduate school and that many senior students would go directly into a graduate program if one was available.

The result of the survey appeared in last week's issue of the student weekly, The George-Anne.

**Man-Woman Ratio**  
**About Even At G. T. C.**

The man-woman ratio at Georgia Teachers College this year has been "good" and competition is growing keener for the "cats." These are the days when the men outnumber the women two to one, or even one and a half to one as it was just two years ago.

Nowadays there's barely one for one and the men students no longer have such odds in selecting their dates.

The latest enrollment figures as released by Miss Viola Perry, registrar, lists 385 women and 365 men, a difference of a mere 20.

Georgia Teachers College students observed "Friendship Week" which began October 10 at the college.

Getting acquainted, meeting and making new friends, and boosting the general spirit of friendliness on the campus are the aims of the new project.

And as a further incentive for cooperation, a penalty will be placed on all those who do not participate. The price for snobbishness is a treat to a soft drink, payable on demand.

NEWS OF INTEREST TO FARMERS — SOIL CONSERVATION — FORESTRY — LIVESTOCK

NEWS OF COUNTY FARM BUREAUS

By Byron Dyer

The agricultural picture is not too good from a legislative point of view. W. C. Hodges, county president, reports after attending the Georgia Farm Bureau convention last week. It is a good thing he pointed out, the legislation is a small part of the farming story. Legislation is necessary to aid in many respects, but the major part of successful farming is left up to the individual farmer and his ability to plan and farm efficiently.

Mr. Hodges headed a delegation of some 25 members of the Bulloch county Farm Bureau that were in Macon at one time or another during the three days.

Bulloch county was awarded \$175 for winning the first place in the district activity contest and second place in the state.

Mr. Hodges expressed the hope that every farmer in the county would read the resolutions adopted at the convention when they are published in the Farm Bureau News next month. They will tell of the work to be expected from the Farm Bureau during the next 12 months.

J. A. Hart advised the group at the Ogeechee Farm Bureau Tuesday night that the place used for Farm Bureau meetings in the school house would also be used for holding the coming election and future elections.

George H. Miller presided at

I. V. Simmons reported that 66 members had renewed to date. Barney Rushing, president of the Warnock Farm Bureau, named a nominating committee composed of Jesse N. Akina, Josh Deal, and Billy Simmons, all past presidents, and asked that they report on a proposed slate of officers in November.

J. P. Folds invited everyone to the county gill show on Wednesday, October 19 at the Bulloch Stockyards.

The Sinkhole group held a general discussion of farm problems, including the status of the rural telephone program, preparing tobacco beds and such like Thursday night. A set of slides was of winter and spring grazing systems found

FORESTRY NEWS

By J. W. Roberts, County Forest Ranger

Your Bulloch County tower operator serves as "the sentinel of the forest" over the 237,800 acres comprising our county's total woodland area.

J. W. Roberts, Bulloch County Forestry Unit, made that statement this week as he lauded the work of those men who man the forest fire lookout towers here in Bulloch County and in the 134 other counties boasting organized forestry units of the Georgia Forestry Commission.

Tower operators for the Bulloch County Forestry Unit are Tom Usher and Paul Nichols.

Searching for telltale signs of smoke over Bulloch 237,800 acres of woodland, declared the ranger, is a task that calls for an alert mind and a keen eye. The more rapidly a wildfire is detected and reported to the ranger, the more rapidly fire suppression equipment can be rushed to the scene of the blaze. The quicker the equipment arrives, the less will be the total acreage burned.

Ranger Roberts pointed out that citizens of Bulloch County can help the work of the fire lookout tower operator by notifying the Bulloch County Forestry Unit whenever they plan to burn brush or trash or burn old fields. This will alert the operator to watch closely to see if the blaze is kept under control. Should the brush turn into a wildfire, equipment will be dispatched immediately.

And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

**BLUE DEVILS DEFEAT BAXLEY**

Blackshear To Be The Opponent This Friday

On Statesboro Field

The Statesboro Blue Devils used long break away runs to gain a victory over the Baxley Pirates 31-0 last Friday night in a game in Statesboro.

The Blue Devils took advantage of a Baxley fumble early in the first quarter to score. Joe Hines broke through on the first play for the touchdown. Cole Cassidy kicked the extra point.

The Pirates threatened in the first quarter when Billy Eason took a Statesboro kick on his own 20 yard line. Statesboro's line tightened to hold the Pirates to no score at this point.

A long pass from Cole Cassidy to his own 47 to James Cassidy on the Baxley 31 in the second quarter paved the way for the second score. A 68 yard run by Joe Hines and a 21 yard sprint by James Cassidy in the third quarter added 12 points to the Blue Devils total. In the final period with most of the first string on the bench, Cole Cassidy passed to Sidney Dodd to the Pirates 28.

Final plays by Bob Snyder, Jimmy Newcomb and Lehman Franklin brought Statesboro to the 2 yard line from which Franklin scored.

Final statistics show Statesboro had seven first downs to three for Baxley. The Blue Devils completed three of seven pass attempts while Baxley failed on three attempts.

On Friday night, October 28, Statesboro will see action against Blackshear on the Statesboro field.
